SUPPLEMENTATION

Supplements to this Code provide periodic updating through the removal and replacement of pages. This inter-leaf supplementation system requires that each page which is to be removed and replaced is identified so that the updating may be accurately accomplished and historically maintained.

Instructions for supplementation are provided for each supplement, identified by Supplement number, date and inclusive ordinance numbers. The Instructions for posting the removal and replacement of pages must be followed and accomplished in sequence, with the most recent supplementation posted **last**.

When supplementation is completed and the removal and replacement of all pages are accomplished, the Instructions should be placed under the Supplementation tab, ahead of this page, with the most recent Instruction sheet on top. Previous Instructions should not be removed, so that the user may refer to this tab section to verify whether the code book is fully updated with all supplements included.

The maintenance of a Municipal Code with all supplementation is an important activity which deserves close attention so that the value of the Code is maintained as a fully comprehensive compilation of the legislative ordinances of the municipality.

AMENDMENTS

Amendments may be made to the Code by additions, revisions or deletions therefrom. Those changes may be made as follows:

Additions: Additions may be made by ordinance to the Code as follows:

The "Swink Municipal Code" is amended by the addition thereto of a new Section 2.04.030, which is to read as follows:

(Set out full section number, title and contents)

or if the location of the new section number or numbers is undetermined, the Code may be amended as follows:

The "Swink Municipal Code" is amended by the addition of the following:

(Set out section title and contents)

Revisions: A revision of the Code may be accomplished as follows:

Section 2.04.030 of the "Swink Municipal Code" is repealed in its entirety and readopted to read as follows:

(Set out section number, title and entire contents of the readopted code section)

or as follows:

Section 2.04.030 of the "Swink Municipal Code" is amended to read as follows:

(Set out section number, title and entire contents of the amended code section)

Repeal: Sections, articles and chapters may be repealed as follows:

Section 2.04.030 of the "Swink Municipal Code" is repealed in its entirety.

PREFACE

The Town of Swink, a statutory town established in 1906, has published its Municipal Code in a format which features the following:

The *Master Table of Contents* is the table containing the name of each title and chapter, with reference to page location. Preceding each title is a title table of contents, also identifying the title, each chapter and each section by the subject name provided.

The Code is organized by subject matter under an expandable three-factor decimal numbering system which is designed to facilitate supplementation without disturbing the numbering of existing provisions. Each section number designates, in sequence, the numbers of the title, chapter and section. Thus, Section 17.12.050 is Section .050, located in Chapter 12 of Title 17. In most instances, sections are numbered by tens (.010, .020, .030, etc.), leaving nine vacant positions between original sections to accommodate future provisions. Similarly, chapters and titles are numbered to provide for internal expansion.

In parentheses following each section is a legislative history identifying the specific sources for the provisions of that section. This legislative history is complemented by the *Ordinance List and Disposition Table*, which identifies the source for the contents of the Code. This table provides ordinance numbers in chronological order and location by section number for the present Code contents. Thus, if there is interest in determining whether an ordinance, or a portion thereof, is contained within the Code, the Ordinance List and Disposition Table will provide that information. The *Table of Up-to-Date Pages* lists all of the current pages through the most recent supplementation.

The *Index* provides references by common and legal terminology to the appropriate Code sections. Cross-references are provided within the Index when appropriate.

Supplements to the Code provide regular updating of the Code to maintain it as a current compilation of all the legislation which has general and continuing effect. Without regular supplementation, the Code would soon lose its usefulness as a complete source of the general law of the municipality. Supplementation is accomplished by the periodic publication of additions and amendments to the Code.
